Mr. E. D. Echols
Director of Personnel
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Echols:

This is a full-length motion feature production company headed by Academy Award winning director Irving Rapper and myself. (Irving Rapper's directorial credits include "The Brave One," "Marjorie Morningstar," "Glass Menagerie," "Green Acres," "Voice of the Turtle," "Rhapsody In Blue" and a host of other major features.)

We have an exciting property that we are readying for production, which may interest your agency. And we shall be grateful to you, if appropriate, that you route this to cognizant associates for their evaluation and decision.

The production property is "The Mind Of An Assassin" by Isaac Don Levine. This is the incredible true story of the man who killed Trotsky on orders of Stalin. This presents the facts behind one of the most sensational political crimes of the twentieth century. This has all of the elements that go to make up a successful motion picture: sex, romance, suspense, spies, color, drama. Dramatic truth more exciting than fiction.

Perhaps more important: This is a true and terrible story of our days. This tells in an understandable manner how the cruel and inhuman schemes of the World Communist Conspiracy really work. This will let the world know in a manner that it can understand the menace of Communism. A good screen-writer can have this lesson burn itself into the viewer's memory.

Mr. Rapper and our associates and myself have worked out every detail, including locations, budgets, stars, technical help. It will be a major motion picture for relatively little money. Up to now, we have carried the entire preparatory load. We need some financial help. We want to preserve the integrity of the major story, the prime message. For that reason we have to be careful whom we involve in the financing.

If it is possible for your agency to assist us in obtaining the essential minor financing needed now, we shall be pleased to submit to you the details of the whole production, exploitation and distribution program of "The Mind Of An Assassin." Our approach is that this is an investment. It is fact considered a good investment as a motion picture project. It should be very profitable.

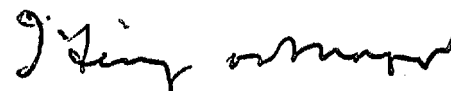

Would you please let me know if you desire more information or whatever your reaction and that of your associates is? Please remember this **GETS YOUR MESSAGE ACROSS TO THE**
